SeriesONE L1.2 LED Studio Fixture

Outstanding Lighting Performance in Compact Form
**Construction**
14-gauge formed aluminum sheet metal construction. Heat sink is made of aluminum extrusion. The driver can be serviced without removing the light engine or mixing chamber.

**Fixture Body Finish**
Metallic cool charcoal finish is standard, with custom colors available.

**Electrical**
A removable 12-ft (3.7-m) power cord with a NEMA 5-15P plug is standard. Other plug types are available as options. The fixture is protected by an externally removable fuse with onboard spare. Power draw is 105 watts.

**Drivers**
All LED Drivers are high-frequency electronic, with a power factor >.94, THD <10%, and a Class A sound rating. LED Drivers are mounted internally to the fixture housing. The power and control inputs are on the back. The dimming protocol is DMX.

**LED Technology**
The fixture utilizes high CRI LEDs to emit high quality illumination (>97 CRI) for broadcast and videoconferencing applications. Variable CCT from 3200K to 5600K.

**Mounting**
Fixture has a 10-gauge horizontal extruded aluminum yoke, with palm handles standard. Each fixture is supplied with a 2-inch OD C-clamp with an integral safety cable.

**Accessories**
A variety of accessories are available.

**Fixture Dimensions and Weight**
13.50in (342.90mm) wide x 12.49in (317.16mm) high x 9.12in (231.66mm) deep. Overall width of the fixture increases to 16.74in (425.07mm), with the palm handles included.
Fixture Weight: 17.16lb (7.71kg)
See shipping information chart for gross weights and dimensions.

**Certifications**
UL/cUL
